

Tired of Searching for Work Opportunities in Japan

Tokutei Ginou Ikusei is a Vocational Training College

in Nepal, dedicated to creating a skilled workforce aligned with the Japanese market. The company is led by the student recruiters and educators with 20+ years of experience. Offering comprehensive skills training and test preparation services, the company is committed to ensure success in the Japanese work environment.

X Why Us?

We have a team of seasoned recruiters and educators who bring over 20 years of expertise to the table. With the latest resources, our training programs are focused on technical skill development through a practical approach, encouraging critical thinking and deeper understanding of concepts in the Japanese market. Besides, we also provide language proficiency test preparations and cultural insights for you to adapt smoothly in Japanese society. Trust in our dedication to your future and let us help you turn your career ambitions into reality.

Mission .

At Tokutei Ginou Ikusei, our mission is to bridge the gap between Nepalese talent and the Japanese job market through targeted skill and language training. We are committed to empowering our students not just to succeed abroad, but to return as leaders of change in Nepal. We aim to support their reemployment and entrepreneurship in return, helping drive Nepal's growth.

Vision •

To be a leading vocational training college in Nepal, known for helping students build successful careers in Japan. To provide re-employment entrepreneurship and opportunities for our alumni when they return, promoting their personal growth, contributing to Nepal's development.

Goal

Our goal is to equip Nepalese students with the skills and language proficiency needed to excel in the Japanese job market. We strive to create a supportive environment that fosters personal and professional growth, enabling graduates to successfully transition into their careers abroad and return to Nepal as empowered leaders.
